Lucero Araceli Parra Cadena

Computer Engineering Student

Azcapotzalco, Mexico City | +52 55 1142 8005 | lara.parracadena@gmail.com | github.com/lucero-parra

PROFESSIONAL SUMMARY

Sixth-term Computer Engineering student at UAM Azcapotzalco, with a foundation in programming (Python and Java), databases, operating systems and Linux, and Excel skills for data analysis. I have experience coordinating and following up on more than 70 tutoring sessions as part of a team, and I explain ideas clearly. English C1. I am looking to join an internship program where I can apply what I have learned, develop my technical skills, and contribute attention to detail and a strong ability to learn.

TECHNICAL SKILLS

Programming: Python (basic), Java (basic)

Data and analysis: Excel (intermediate), Power BI (basic)

Tools and systems: Linux (basic), Git and GitHub (basic), operating systems

Core competencies: Problem solving, teamwork, activity organization and follow-up, continuous learning

EXPERIENCE

Volunteer — Writing Center (CEAZ) — UAM Azcapotzalco, Mexico City Mar 2025 – Aug 2025

- Helped organize and follow up on more than 70 quarterly tutoring sessions in collaboration with the Writing Center team.
- Mentored more than 15 students in academic writing.
- Designed teaching materials and provided operational support to the center.
- Created linguistic outreach content and academic support materials.

EDUCATION

B.Sc. in Computer Engineering — Universidad Autónoma Metropolitana (Azcapotzalco) Aug 2024 – Present

- Currently in the sixth term. Training in programming and operating systems.

COURSES AND CERTIFICATIONS

Intermediate and Advanced Excel — CECATI N.° 1 May 2026 – Jun 2026

Introduction to Linux (basic) — The Linux Foundation Nov 2025 – Dec 2025

Python Essentials I and II (basic/intermediate) — Cisco Aug 2023
